Title: Pathways to Prosperity for Extremely Poor People (PPEPP)

Programme Summary: To enable two million people in Bangladesh to work their way out of extreme poverty for good.

Programme Value: Phase 1 GBP 80m (Total Phase 1 and Phase 2: GBP 135m)

Country/ Region: Bangladesh Programme

Start Date: 1 October 2017

End Date: 30 September 2023 (Phase 1) 30 September 2027 (Phase 2).

The programme is split into two phases. Ministerial approval is now sought for Phase 1. Total funding for Phase 1 is £80 million and will run for six years from 2017-23.

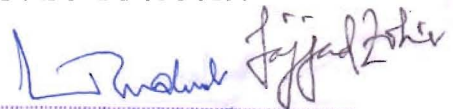

Funds will be allocated to four delivery partners:

- (i) Palli Karma-Sahayak Foundation (PKSF), a public foundation, to deliver the core livelihoods graduation model and nutrition intervention.
- (ii) A national NGO (MJF) to support work at community-level to advocate for access to services and to challenge gender and social norms that restrict decision-making by women and socially excluded people.
- (iii) A managing agent to deliver a market systems component and lead an extreme poverty policy and governance facility. and,
- (iv) An independent research organization to undertake a comprehensive evaluation of programme impact.

A pilot of Life-cycle Grants will be designed during Phase 1 to support social security systems reform. Separate Ministerial approval will be sought for this component, if design conditions, including GoB funding commitments, are met.

- Agenda 10: Extension of the variable salary contract with Sajjad Zohir till end Dec 2019.

ERG activity report, Governing Body Meeting (2018-2019/2)

Brief note on current ERG activities

1. Several past projects are nearing completion. <A> SRF was submitted to BB several months back and a brief was sent out in February 2019 at their request. Innovative financing for Nathan has long been completed and the dissemination workshop is finally due on 19th March 2019. <C> WBG survey reports (7) along with a summary report (8th) have been submitted. No cost extension has been unilaterally made by them. We are waiting for their comments for last two months. <D> Working on the recently negotiated contract on skill demand in ITeS.
2. DAI bidding for the Pathways to Prosperity for Extremely Poor People (PPEPP) – ERG agreed to partner in the policy component.
3. EOI submitted for two WB bids: <A> Helal on Chattogram urban survey, and Sajjad on circular economy.
4. WB on women – open ended, concept notes solicited.
5. Resource limitations which may not allow full-fledged engagements in the consultancy market: <A> Helal with DU and STC, Enam with commitments at Shamunnoy and other engagements, <C> Atonu has his plate full, <D> Minhaj @ BIDS and <E> WM was never meant to be.
6. There is a shortage of person with competence or the ability to acquire.

On administrative

1. We have not settled down with a regular administrative officer. We have part-timer in Ridhim and regular assistance from Mithu. Touhid has never taken responsibility though he provides supports for certain engagements.
2. Need to move to a new office – decided to wait till the DAI phase is over.

Proposal on splitting management

1. Cell division is an essential process for organism creation, growth, and repair.
2. For next five years, at the least, various segments in Dhaka city will remain less connected. Beyond 5 years, relative importance of current city may be on decline. An organization holds prospects if the broader mandates are adhered to and their implementation remain sufficiently flexible for various shades of initiatives to congregate.
3. At an operational level: <A> A decision at AGM to allow two chapters with independent management/GB, At least one meeting of the two committees per year, beside the AGM, <C> The two chapters may collaborate and even undertake joint initiative with agreed upon internal transfers, <D> Accounts will be separately maintained, but there will be single audit report and single submission for income tax, to RJSC and to Ministry of Commerce.

If we agree on the above in principle, we may seek legal advice before the AGM.
